~~From~~ Traces of Roman occupation were discovered in 1922 on the edge of a disused quarry on Bedminster Down, 150 yds south of the Bridgewater Rd, and some 440 yds S.W. of its junction with the ~~Bridgewater~~ road to Bishopsworth. Subsequently fragments of Roman walling, wall plaster, and some pottery, including Samian, ~~were~~ were discovered during building work on the site, which has since been entirely destroyed.
