G. Burrington 6a

Cairn built it seems entirely of O.R.S. pieces. There seems to have been a little disturbance with the spoil thrown to south

Originally numbered T5^C, Proc. 1944-1946:5:159, but as nearer T6 than T5 has been renumbered. Similarly T5^D becomes T6B.

T5B of same reference is almost certainly the result of mining and is not included in this catalogue
